

Upon hearing that I was selected to be inducted into the Putt-Putt Hall of Fame, I was overcome with great joy and surprise. I have loved this game for many years and love competing against the best players from all over the world. It's truly an honor to be selected and I am overwhelmed with gratitude to those who thought I was worthy of this award. To be listed among the greats of the Professional Putters Association is a dream come true. I've enjoyed some victories and suffered some tough losses, but loved every moment of playing. This is the icing on the cake!!!

With sincere appreciation. Rainey
